

UNDELIVERABLE CAPITAL CREDITS REFUNDS

Part of what sets electric membership cooperatives or EMCs apart from the larger investor-owned utilities is that EMCs are not-for-profit. This means that any revenue that is collected after covering our operating costs is returned to our members in the form of capital credits based on each member's energy use for a given year. Southern Rivers Energy assigned capital credits for a portion of the year 2002 in December, but insufficient addresses for some former SRE members prevented delivery of refund checks.

The following list includes all capital credits refund checks for the 2002 retirement that have been returned by the U.S. Post Office.

To learn more and view additional lists, visit southernriversenergy.com/capital-credits.

To claim a refund or for questions about the list, please contact Customer Service at 770-358-1383 or toll-free at 877-358-1383.

A Connected Community Becomes a Growing Community

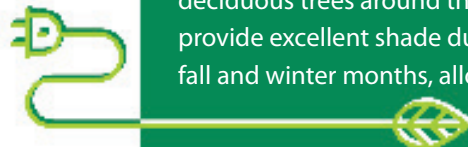

Fiber internet from Connect, powered by Southern Rivers Energy, brings new possibilities to residents and businesses alike.

Connect's services will allow your community to:

- Increase productivity in both homes and businesses.
- Retain and grow personal and professional connections.
- Improve health care with access to telemedicine.
- Advance education with access to online courses.
- And more!

ENERGY EFFICIENCY | TIP OF THE MONTH

This planting season, include energy efficiency in your landscaping plans. Adding shade trees around your home can reduce surrounding air temperatures as much as 6 degrees. To block heat from the sun, plant deciduous trees around the south side of your home. Deciduous trees provide excellent shade during the summer and lose their leaves in the fall and winter months, allowing sunlight to warm your home.
