1. The temporary service will be mounted on the last permanent pole to be used to serve the premises. **No pole** will be set solely for use of temporary service.
2. The temporary service will be single phase, three wire, 120/240 volt, 90 amps with GFI protection and will be used only for construction of new building.
3. A Temporary Service Pole fee (\$50.00) and an additional per month, or any portion thereof, shall be charged until equipment is removed by Southern Rivers Energy. (\$15.00). Plus kWh usage.
4. Equipment replacement costs or cost of repair of equipment in the event of damage will be charged. The temporary service pole remains the property of Southern Rivers Energy and will be removed when service is made permanent. Permanent service will not be connected until damages (if any) are paid.
5. A fee will be charged for service calls by Southern Rivers Energy personnel for any reason other than malfunction of the equipment. (Tripping of GFI breaker is not an equipment malfunction.)

By my signature I acknowledge I am not released from the zoning requirements set forth by the county and that I accept terms of this agreement.
