A service disconnected and reconnected within a 12-month period will be subject to a reconnection fee equal to the current monthly service (customer) charge times the number of months disconnected plus the current reconnection fee, including any after-hours fees.

Note: A service which remains disconnected over 12 months may be retired along with all associated power lines. The cost to reinstall such service will be the full cost of reinstalling the service and associated power lines.

*All reconnections must be requested <u>BEFORE</u> 10 PM for connection to take place that evening.
